Contents of the microvial: purified water; sucrose; glycine; cod liver oil (fish origin); emulsifiers: polysorbate 80, sorbitan monooleate; pollen d.e.; freeze-dried royal jelly; DL-alpha-tocopheryl acetate (vitamin E); aroma; zinc bisglycinate; thickener: xanthan gum; sweet orange (*Citrus aurantium* var. *dulcis* H.) f.e. pericarp; preservative: potassium sorbate; acidifier: citric acid; sweetener: steviol glycosides.

Packaging and contents: box containing 10 single dose microvials of 10 ml each in amber PET with reservoir cap.

Product category: food supplement.

Indications: LIOVITAL[®] AD contains cod liver oil, vitamins A, B1, D, E, pollen, royal jelly, glycine and zinc. Vitamin A plays an important role in maintaining the trophism of the mucous membranes, vitamin D promotes the absorption of calcium and phosphorus and contributes to the maintenance of normal bones; zinc contributes to the maintenance of normal cognitive and bone function. Vitamin A, E and zinc also promote the normal function of the immune system. Vitamin B1 contributes to normal energy metabolism and normal functioning of the nervous system, while vitamin E guarantees the protection of cells from oxidative stress. Pollen extract and royal jelly are substances with high nutritional value.

Recommended dose: 1 microvial per day.

Storage conditions: store at temperature between 8-25°C; avoid exposure to localized heat sources, direct sunlight and contact with water. The expiry date refers to the product unopened, properly stored.

Warnings: do not exceed the recommended daily dose. Keep out of reach of children under three years. LIOVITAL[®] AD is not intended as a substitute for a balanced and varied diet and a healthy lifestyle

Notice: a possible phase separation is due to the active ingredients present in it and doesn't alter its quality. Shake well before use.

Instructions for use: 1) Screw the cap until the seal breaks, so that the powder can go down from the reservoir cap into the microvial. 2) Shake well before use. 3) Unscrew the cap. 4) Swallow orally.
